Decision Making Items for January 5th Council Meeting:

1. Location of the South Wall

- provide 8' setback with limited landscape, monument signage (to be designed)
- locate south wall at or near the property line and 'capture' more interior space

2. South Wall Openings

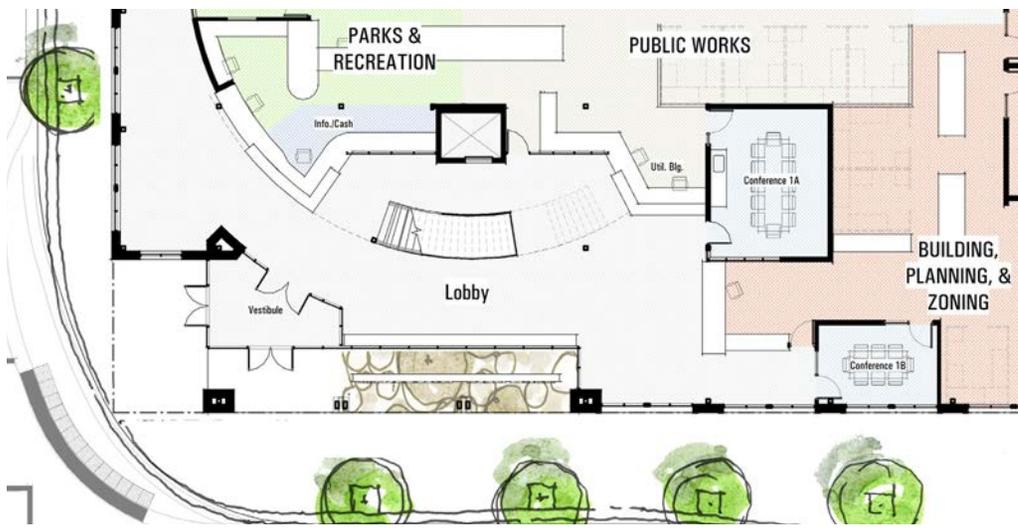

- large glass wall at entry/lobby area
- arched openings at lobby and entry

3. Stair Location

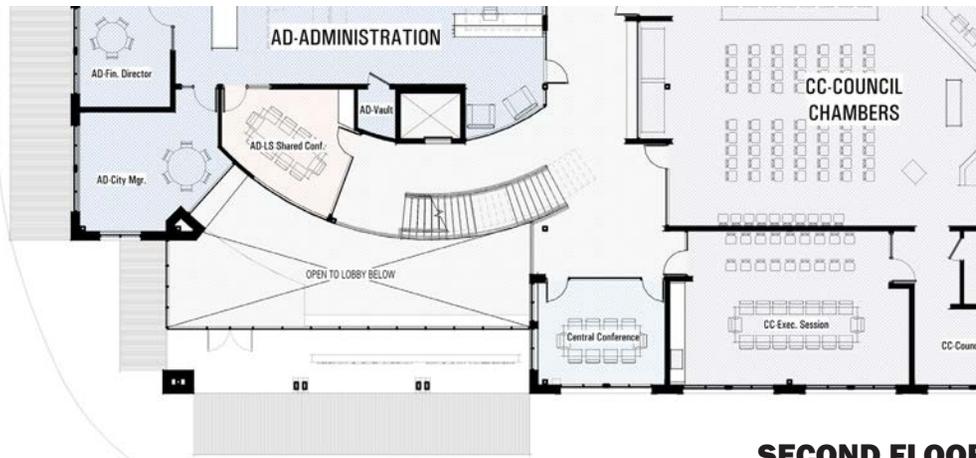

- curved 'grand' stair south of elevator
- south 'grand' stair and south exterior lobby wall
- 'wrap around elevator' stair (grand stair at the first flight)
 - potential for skylight above stair

4. South West Corner Entry Design

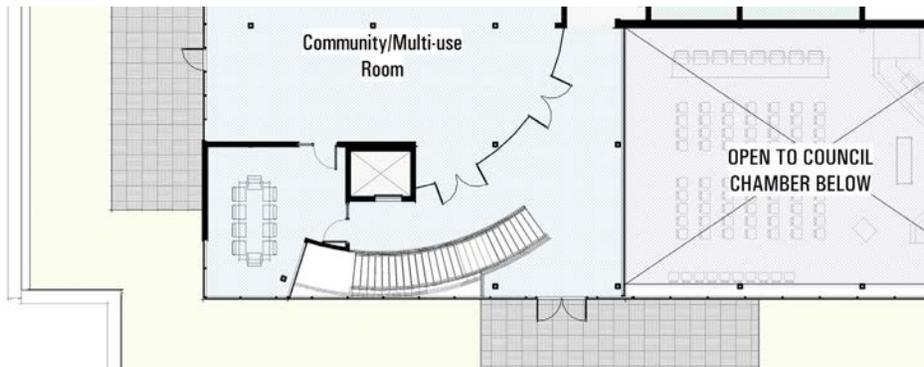

- Entry facade facing 2nd street, double entry vestibule, orthogonal building corner
- Curved entry facade with entry facing the 2nd/Baker corner
- 45 degree entry vestibule and facade facing the 2nd/Baker corner

FIRST FLOOR

SECOND FLOOR

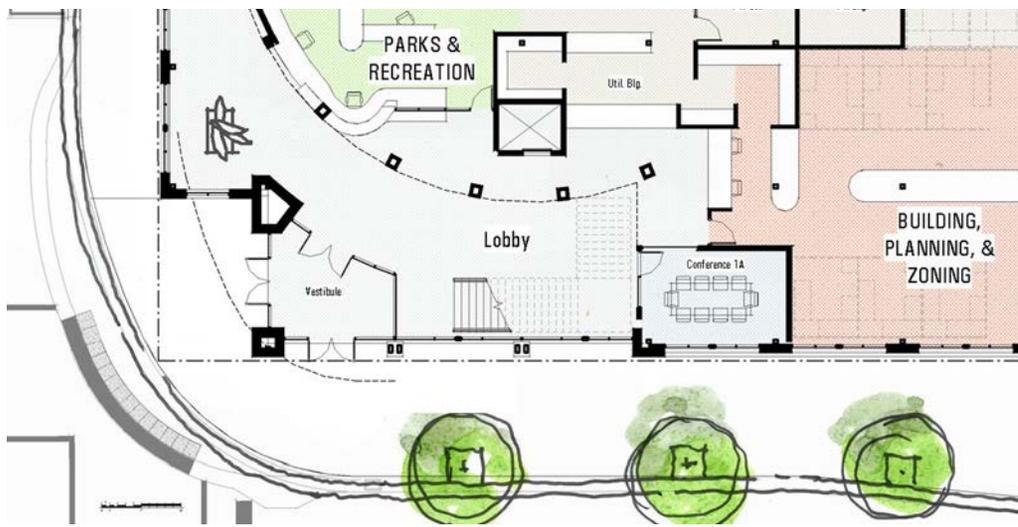

THIRD FLOOR

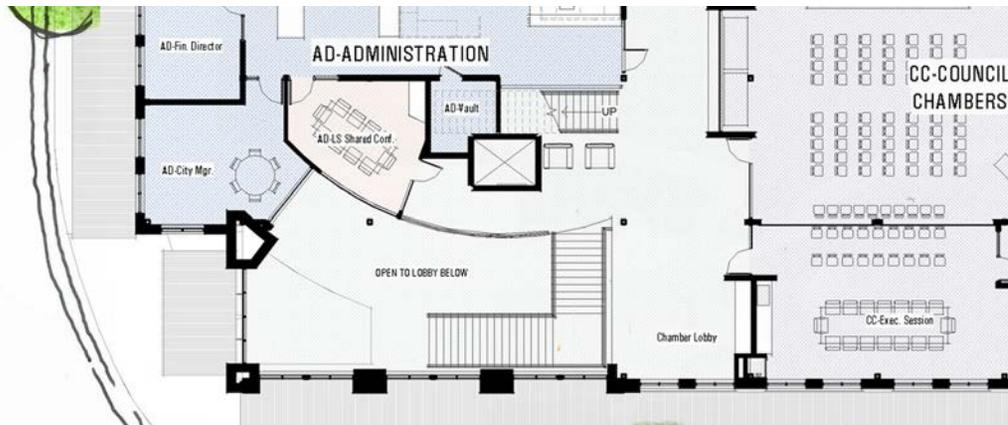

Options 1 - a. 8' setback b. Large Glass Wall c. Translucent 'tilt back' Awnings d. Monument Signage e. Curved Main Stair
