Mr. Little reported for the special committee to locate a dumping ground that Mr. Grinnell had offered the Town such land as they might need in the locality already reported favorably by the Committee at \$100.00 per acre, and on motion duly made and carried it was decided that the Special committee arrange with some surveyor to lay off a section of land, such as the committee would

consider necessary for a dumping ground, and to report at the next meeting.

Mr. Grinnell advised the Council that several members had spoken to him about a suitable site for a Town Hall and on behalf of the Townsite Company he offered the Council two lots, on Baker and First for \$300.00 for the purpose of building a Town Hall, and after considerable discussion he stated that he would make the Town a price of 1/3 the regular price on any property that the Council might decide to buy for Town Hall purposes, that belonged to the Town site Company, and on motion duly made and that mayor appoint committee of three one from each ward, carried, the Mayor appointed the following committee to

look up a location for a Town Hall and report at the next meeting: -Geddes, Johns, and Little.

Mr. Grinnell also brought up the improving of the Town park, stating that the Townsite Company had already offered to give the Ladies Civic Club \$200.00 on condition that the Ladies raise an additional \$300.00 to improve the park, but that they had re-considered that proposition and he accordingly made the proposition to the Council that if the Town would give \$250.00, and the citizens would raise a like amount before some time in March or April of next year, that the Town site Company would give \$250.00. and thereupon the following resolution was duly presented, and on call of the "ayes" and the "noes" was passed, "Resolved, that whereas the Whitefish Townsite Company has offered to donate the sum of \$250.00 towards the improvement of the Town park, and that whereas, this is conditional upon the Town giving a like amount and \$250.00 being raised among the citizens of the Town, therefore be it resolved that, &&&

The Town of Whitefish will contribute the said amount \$250.00 whenever the same shall be necessary, and the Treasurer shall be authorized at such time as the said amount is needed to set same aside out of the general fund of the Town and into a park fund".

H.E. Houston was present and stated that he would take it upon him self to see that the amount necessary to be raised among the citizens would be ready in time.

Mr. Skyles brought up the proposition of a Town Cemetery and Mr. Grinnel stated that if the Council would go ahead and look up a place for same, that if the Town site company owned the site that was finally decided upon, the Company would sell it and sell it "right", and thereupon on motion duly made and carried the Mayor appointed the following committee to look up a suitable site for a cemetery: Johns, Little, and Skyles.

In the matter of taking out of the stumps in special improvement district No. 1, Mr. Grinnell on behalf of the Town site Company stated that they would be very glad to take out any stumps upon any of the streets that were being used, and at any time all the Council would have to do would be to notify the Company and they would attend to it at once.

The following resolution was then presented and on call of the "ayes" and the "noes" was passed :- Be it Resolved by the Town Council of the Town of Whitefish, Montana, that whereas the Town of Whitefish, Montana, is about to become a City of the Third class, and whereas, the Town Council is contemplating many improvements in and about the streets of the Town during the year 1911, and whereas, the Great Northern Railway Company has a wide right of way thru

the Town and dividing it into two sections, and is without the corporated boundaries of the Town, and whereas, the said right of way is covered in places with large and unsightly stumps, and whereas, it is to the interest of the Great Northern Railway Company that its Towns and Cities along the way shall present an attractive and modern appearance, more especially a division point, where all trains stop for many minutes, and whereas, these stumps aforesaid existing in the right of way are especially prominent and render any and all improvements within the Town insignificant on account of these unsightly stumps, therefore be it resolved, that the Town Clerk be instructed to write to the Great Northern Railway officials, expressing the hope that they will see fit to remove these stumps at an early date and thereby help the Town of Whitefish to present a worthy appearance and also ~~thereby~~ assist the town Council of the Town in ~~making~~ Whitefish one of the finest Towns along the Great Northern line".

The Mayor spoke of the possibility of taking in the Dormitory and the Company houses into the corporation, but ~~it was~~ decided to see first what result could be had about the stumps.

G.W. Avery was present with a petition with 270 names of different citizens petitioning the Council to pass such an ordinance as to close the saloons all night and all day Sunday, and thereupon Mr. Bonner proposed Ordinance No. the same being entitled "AN ORDINANCE FIXING THE TIME WHEN SALOONS, BARS, AND OTHER PLACES WHERE SPIRITUOUS, VINICIOUS, MALT LIQUORS AND OTHER BEVERAGES ARE SOLD, MUST BE CLOSED AND KEPT CLOSED, AND PROVIDING A PENALTY FOR THE VIOLATION THEREOF"

which was on motion duly made and carried placed on

it's first reading and was ready in full *and referred to Ord. Committee*
 Ordinance No....., the same being entitled "AN ORDINANCE
 AMENDING CERTAIN SECTIONS OF ORDINANCE NO.32, RELATING
 TO LICENSES" coming on for it's final passage, was read in
 full, and on call of the "ayes and the "noes", all present
 voting "noe" the same filed as rejected.

The Water Committee reported by Greiser, water commissioner
 reading the minutes of the first regular meeting, which
 report was on motion duly made and carried adopted.

The Ordinance Committee reported by proposing the following
 Ordinances which were read in full and on motion duly made
 and carried placed on their first reading;- Ordinance
 No....., the same being entitled "AN ORDINANCE AMENDING CERTAIN
 SECTIONS OF ORDINANCE NO.32, OF THE TOWN OF WHITE FISH, MONTANA
 RELATING TO OFFENSE AGAINST THE PUBLIC" and Ordinance
 No..... the same being entitled "AN ORDINANCE PROVIDING FOR
 THE NUMBERING OF HOUSES WITHIN THE TOWN OF WHITEFISH,
 MONTANA, AND THE MANNER THEREOF."

W.T.Cole was present and petitioned the Council for
 permission to let the Fire Department meeting the
 council chambers as they present fire hall was very
 dirty and poorly heated, and also asked for permission to
 board up the bell tower for a place to dry the hose and
 on motion duly made and carried the same referred to the
 Fire Committee with power to act.

The report of the City Clerk showing warrants issued during the month of October, 1913 was read, approved, and ordered filed.

The report of the City Clk. & Atty. showing disposition of certain matters left to him by the Council; also stating the reasons why nothing had been done relative to defective cement walks, was read approved, and City Engineer Trippet was instructed to get list of defective walks and report to City Attorney, he to take matter up at once with Bonding Company.

In the matter of the high meter rate for water at the Hotel Northern Mr. Trippet detailed the matter, and on motion by Skyles, seconded by Bonner, the matter was referred to the Water Committee, the bill for the past month to be laid over until the committee would report. The Committee to report at next regular meeting. Carried.

The Mayor stated that he revoked the license of Peter Paine to sell intoxicating liquors in the City of Whitefish, on account of the mis-representations of said Peter Paine in procuring his said license, and for the ~~public good~~ and called upon the Council to either confirm or reject his action. He then addressed the council stating that in his opinion Mr. Paine had a legal right under the statutes and the ordinances of the City to have a wholesale license to sell in quantities not less than one quart; that Ordinance No. 74, in so far as it attempted to define a retail liquor dealer as one selling in quantities over a quart and under four gallons was void because repugnant to the Statutes of the State; that the application blank which the Mayor and Chief of Police has signed for Mr. Paine was not used to get Mr. Paine the license he was operating under, since the City Treasurer had refused to issue such a license and that he had told Mr. Paine to take out a wholesale license until the Council would meet, and they ordinance could be discussed and changed at that time. The Mayor spoke at length dwelling upon the misrepresentation of Mr. Paine when he got the application signed. No definite action was taken. The City Atty. mentioned the case of City of Whitefish Vs. Paine, pending on appeal to the District Court in the Police Court of the City, stating that his opinion of the law was that the Ordinance under which Paine was being prosecuted was void, and asked the council what action they wanted him to take. Present, the Mayor, with the Clerk attending, and on roll call all Aldermen by Bonner.

The minutes of the regular meeting of November 4th, 1913, were read and approved.

The report of the City Marshall showing \$127.00 of fines collected for the month of October, was read, approved, and ordered filed.

The report of the Street Commissioner showing \$21.25 of money expended on the streets for the month of October, was read, approved, and ordered filed.

The City Clerk and Attorney's report on disposition of defective cement walks matter and automobile licenses was read, approved, and ordered filed. On motion by Skyles, seconded by Noble, the City Attorney was directed to take matter up with Mr. Givens, agent for the bonding company at Kalispell, advising him that Mr. Powers had not appeared as he had agreed to and to advise Mr. Givens that the City would give Mr. Powers and the Bonding Company until December 1st, 1913 to do the work, or the City would sue. Carried.

The City Attorney asked for leave to amend the minutes of the regular meeting of November 4th, 1913, to read as follows:-
"On motion by Noble, seconded by Bonner, the following resolution was proposed, and duly carried, all voting "aye" Resolved that whereas Contractor W. A. Powers has been repeatedly requested to repair certain cement walks, curbs, and crossing within the City of Whitefish which were defective on account of his negligence in building them, and whereas, said Mr. Powers has refused and still refuses to do the said repairing, therefore it is hereby resolved that he, the said Powers, be declared to be in default under his contract and bond and the ordinances of the City of Whitefish, at this date". On motion by Skyles, duly carried, permission to amend was granted.

Ordinance No., the same being entitled "AN ORDINANCE REPEALING ORDINANCE NO. 98, RELATING TO WOOD-SAWS AND THE DISPOSAL OF REFUSE THEREFROM" was proposed by Alderman Collins, and on motion duly made and carried, after being read in full, was passed thru first reading.

ORDINANCE No. . . ., the same being entitled "AN ORDINANCE AMENDING SECTION 16 OF ARTICLE 5 OF ORDINANCE NO. 74, OF THE CITY OF WHITEFISH RELATING TO LICENSES" coming up on third reading, the Committee not being ready to report on motion duly made and carried, the same was laid over until next regular meeting.

The Mayor instructed the City Marshall to get up a list of the back licenses and report to the Finance Committee they to check up with City Treasurer.

The resignation of C. H. Jennings, City Treasurer to take effect November 30th, 1913 was read, and on motion by Noble, seconded by Skyles the same was accepted, and the Finance Committee instructed to go over Mr. Jennings books before the time was up.

The matter of appointing the Water Commissioner as City Treasurer in addition to his present office was brought up, and the City Attorney advised that the salary of the Treasurer was limited to \$700.00 annually for all services in every capacity, and that there would be a conflict in that way. On due motion the Finance committee were directed to report at next regular meeting upon the successor to Mr. Jennings.

In the matter of meeting the expenses of new books prescribed by State Examiner's office, which were being sent C.O.D., it was decided that a warrant on the General Fund be issued to cover the costs thereof, and that the Water Commission cash the warrant and carry same until after the taxes came in.

Water Commissioner Trippet reported that he had trouble with the School people because he had shut off the water without notifying them, but that there was nothing on his books to show that they were using water. He reported the water shed nearly finished, and lakeside fire-hydrant completed.

Matter of having an extra fire hydrant on hand was brought up, and on motion by Skyles seconded by Knowles, the Water Commissioner was directed to purchase two new fire hydrants and to keep them on hand in cases of emergency.

The Mayor stated that he wanted a resolution passed authorizing him to employ special counsel in the case of City Vs. Peter Paine, pending on appeal in the District Court.

Alderman Noble asked why the City Attorney could not handle the case. The City Attorney stated that evidently his talk to the Council at the last regular meeting had been mis-understood, that he was perfectly willing to handle the case in the District Court, and all other cases coming up in which the City would be interested. That he appeared as City Attorney in the District Court on the injunction case because he deemed it a case wherein the City was interested. That in his opinion the ordinance, as he had before stated was void, and that the City could not maintain the suit, and that, if the Council were satisfied with his opinion in the matter he would go ahead and take care of the case; and the council would know what the out-come of the case would be. But that, since his opinion on the law had been questioned, if the Council did not care to follow his advice they would have to engage additional counsel in the case. Different members of the Council then expressed their opinion that the City should go thru with the case. The Mayor then made the following statement:-
"Gentlemen of the Council.

Subject to your approval and gentlemen: Under the Power granted me by the statutes, I hereby Remove from office Merl C. Groen City Attorney and City Clerk of Whitefish For the Reason that he has neglected and disregarded, the duties of his said offices, In that he has refused and neglected to prosecute on Behalf of the City of Whitefish, That Certain action now pending in the district court of the eleventh Judicial District of the State of Montana, in and for the County of Flathead, Wherein the City of Whitefish is plaintiff and Peter Paine is Defendant, and for failure to properly record the minutes of the Meetings of the Council.

H. T. Mayfield
Mayor

and read a resolution which he desired the Council to pass removing the said City Attorney and City Clerk from office, and asked the Council to either approve or reject the resolution.

Alderman Noble asked the City Attorney what he had to say on the matter, and the City Attorney stated that he had never violated any duties imposed upon him by the statutes of the State of Montana, or the Ordinances of the City of Whitefish; that he had not refused and never had refused to prosecute this case of Peter Paines; but that his opinion was against the prosecution; that the City could not maintain the action, and advised the Council to go ahead and do as they saw fit about passing this resolution, that the Mayor had asked him to resign stating that all the members of the Council had demanded it; that he has seen three of the Alderman and he did not believe the Mayor was ever authorized to demand his resignation. Further discussion ensued, and on motion by Noble, seconded by Collins, the matter was laid over until a full council could be had.

Whitefish, Montana, March 18th, 1914.

We, J.E. Skyles, Chairman, E.M. Bonner, and Chas. Noble, the committee appointed by the City Council to investigate the charges made by H H Garr against Chief of Police Ben Holter, herewith present the result of our investigation:-

We find, after careful investigation, that there is no suspicion whatever attaching to Mr. Holter in any way shape or manner; that we interviewed all those who in our judgment would have any knowledge of such a matter. We wish to state that the committee, entire, questioned H H Garr as to the statements that he made; and that he denied all knowledge of ever making such statements and said that his mind was a perfect blank along these lines. Mr. Garr further stated to the Committee that he had

never known nor never heard of anything concerning any dishonesty upon the part of Mr. Holter.

This committee also wishes to go on record as having the utmost confidence in the honesty of Chief of Police Ben Holter and that we believe that H H Garr took the only course open to him, when he denied all knowledge of having made ~~such~~ charges against Mr. Holter.

(Signed) J. E. Skyles,
Chairman.

Whereupon, Mr. Skyles moved that the report be adopted. The motion was seconded by Alderman Bonner, and duly carried.

The Committee appointed to investigate the Hub Saloom reported by Alderman Bonner, Chairman. Reported that they had found sufficient evidence that the place had not been run in an orderly manner and recommended that the license be not re-issued when it expired. Upon motion duly made and carried, the report of the committee was accepted.

The Mayor recommended that the voting place in the Third Ward be changed from the City Jail to W. B. Avery's Paint Shop on Third Street, and on motion duly made and carried, the Clerk was instructed to give notice of the change.

The matter of grading Lakeside road came up for consideration. and upon motion duly made and carried, the matter was referred to the Street ~~and Alley~~ Commissioner to investigate, with authority to make needed repairs.

Mr. J. A. Monk addressed the Council, and asked that a culvert be placed in the north and south alley in Block 37. He stated that if the City would furnish the material and do the necessary ditching, he would do the carpenter work free of charge. Upon motion duly made and carried, the matter was referred to the Street Commissioner, with authority to construct the culvery.
